Welcome

Dear Colleagues,

I am delighted to welcome you to the BeSARPP annual meeting that will be held in Bruges. Our theme this year is "Does anaesthesia make a difference to the outcome".

As in prior years, we have selected a considerable number of burning topics that will be presented by national as well as international experts in the field. Moreover, pro-con debates have been chosen for controversial topics.

I would like to thank the Programme Committee members for having put together this magnificent programme.

Bruges is a fascinating and a magical city bringing the visitors back in time of the Middle Ages. Whether you have visited Bruges in the past or not, it is the place to enrich your culture while relaxing and enjoying the beautiful streets and canals.

This year's annual meeting will be the best opportunity to attend educative sessions and experience the excitement of connectivity with your colleagues and friends in the beautiful city of Bruges.

Looking forward to seeing you all in Bruges.

Kind regards,

Luc De Baerdemaeker, President of the BeSARPP
